Ananya Gupta

B.Tech in Artificial Intelligence & Data Science — BITS Pilani

ananya.gupta@pilani.bits-pilani.ac.in | +91 98333 44556 | Pilani | github.com/ananyag-ds

CAREER OBJECTIVE

Final year undergraduate researcher focused on Natural Language Processing, GenAI, and transformer architectures. Completed internships in data science and text analysis.

EDUCATION

B.Tech in Artificial Intelligence (CGPA: 9.1/10), Expected July 2026

TECHNICAL SKILLS

Python, NLP, GenAI, Transformers, Scikit-learn, Pandas, NumPy, SQL, PyTorch, Matplotlib, Git

ACADEMIC PROJECTS & INTERNSHIPS

Research Intern - BITS AI Lab (2025 | 6 months)

Fine-tuned BERT models for multilingual sentiment analysis. Published paper on transformer efficiency.

Automated Essay Scoring Model

Created NLP pipeline using Python, Scikit-Learn, and spaCy for automated grammar and semantics evaluation.
